STUDENT SELF GOVERNANCE(SSG)

Objectives of Student Self-Governance in College

College with student self-governance that works to instill a sense of responsibility and leadership at levels, create community, & train students practices for democracy. Tailors Services to Student Needs, Promotes Preparing for Citizenship and Develops Academically. Participation in student activities will help them develop the skills of communication and problem-solving, which can be beneficial further than college life.

The Context

Introducing the initiative deeply into campus life, Shetty Institute of Technology faculty has incorporated this program since student governance was incepted back in year 2017 student governance continues and provides an avenue for students to participate regularly in decision-making processes while instilling a sense of responsibility, leadership and citizenship within them. Active involvement in governance prepares students for life beyond campus, and allows them to learn valuable skills like communication, teamwork & problem-solving that are required both personally and professionally.

Student governance at the Shetty Institute ensures policies and services are responsive to our diverse student body. This strategy does not only leave students to be leaders of the future, but also teaches them civic responsibility outside of a university environment. When accountability is promoted, and students take responsibility for their learning and well-being while simultaneously implementing practices that foster a student-initiated campus environment where all points of view are considered.

By student governance, Shetty Institute of Technology continues its commitment to creating academic excellence and holistic development opportunities for students that will prepare them to become active informed citizens in their communities.
